

## RYMAX® BRAND MANIFEST

The moments we pushed ourselves the most,  
are the ones we remember forever.

Stepping out of our comfort zone, challenged to take the risk,  
that's when we achieve things we never thought we could.

Experiences like this makes you look at things differently,  
it makes us more creative, it broadens our horizon.

It helps us to become a better version of ourselves.

We don't say it's easy; but improving yourself makes it all worth it.

This is what motivates us, why we do it.

And sharing this motivation makes it so much stronger.

It's the RYMAX® team we are building,  
where team improvement is more important than individual success.

Whether in business or in our private life,  
we will always be proud supporters of your team.

Conscious hard work and ambitious fair play,  
challenging what we do today, to improve for tomorrow:

That's how we move forward and build a lasting experience to be proud of.

IMPROVE BY CHALLENGE.
